About Día

El día de los niños/El día de los libros (Children's Day/Book Day) is a celebration of children, families and reading held annually on April 30. An enhancement of Children's Day, a celebration which took hold in 1925 as a day to bring attention to the importance and well-being of children, Día combined this celebration of childhood and children with a celebration of literacy to emphasize the importance of literacy for children of all linguistic and cultural backgrounds.

Since one day isn't enough for all the fun, Sacramento Public Library invites you to join us from April 11 through May 5, 2012, for all kinds of free programs for families and for kids in celebration of El día de los niños/El día de los libros.
