

Dear Día Community,

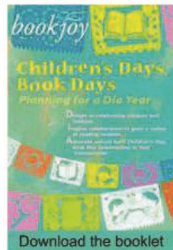

Excitement is contagious! I'm delighted at the excitement as libraries, schools, organizations, colleges, presses and book stores are planning their April Día celebrations.

Every day is **Children's Day, Book Day** as we share bookjoy creatively with children and youth. In April, though, across our country, special book fiestas are planned to honor all our children and to enjoy sharing literacy activities creatively with them and their families. Día strengthens communities. Hope you find the revised booklet and [Día summary](#) helpful and that you'll share them with colleagues.

Support and join the Día fun in your community! We'll be celebrating our 6th annual Diápalooza on [my blog](#), [Facebook](#) and [Twitter](#). If you're tweeting about your celebrations, please use our hashtag: **#diabookjoy!**
